SEAHAWK CAPITAL CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. BASIS OF PRESENTATION AND ACCOUNTING POLICIES

The consolidated financial statements include the accounts of Seahawk Capital Corporation (the "Company") and its subsidiaries. All significant intercompany accounts and transactions have been eliminated.

The accompanying consolidated financial statements of the Company at June 30, 1994 and 1993 and for the three and six month periods then ended are unaudited, but include all adjustments, consisting only of normal recurring accruals, which management considers necessary for a fair presentation of the Company's financial condition and results of operations for the interim periods covered by such statements in accordance with generally accepted accounting principles. These financial statements do not include all the disclosures associated with the Company's annual financial statements and accordingly should be read in conjunction with such statements. Certain information and footnote disclosures normally included in consolidated financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to rules of the Securities and Exchange Commission. Reference is made to Note 1 of the notes to consolidated financial statements contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 1993 for a summary of significant accounting policies utilized by the Company. It is suggested that the consolidated financial statements at June 30, 1994 and 1993 be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company's latest Annual Report on Form 10-K. The information for the six months periods ended June 30, 1994 and 1993 are not necessarily indicative of the operating results for the entire year.

Loss per share calculations are based upon 13,137,082 shares in all periods presented, based upon the weighted average number of common and common equivalent shares outstanding during the periods.

2. INVESTMENTS IN SUBSIDIARY COMPANIES

Due to continued losses from Scotcoast, Limited ("Scotcoast") operations, the Company and SRC Food Group, Limited ("SRCF") elected not to provide further support to Scotcoast. Scotcoast is in the process of being liquidated. The investment in Scotcoast was written off in the second quarter of 1994. The loss on investments for 1994 in the accompanying statement of consolidated operations includes the following:

</TABLE>

SRCF also has an equity investment in Extruco, Limited and PEICO Limited, which companies were to utilize certain rights and processes of SRCF. Due to a disagreement with Extruco, Limited's shareholders, SRCF's 33.3% interest was disposed of in August 1995 at a loss of approximately \$5,000. Because PEICO Limited has not to date been able to obtain the financing needed to begin operations, this investment was written off. The loss on investments for 1994 in the accompanying statement of consolidated operations includes \$37,868 applicable to the loss on Extruco and the write-off of PEICO.

Foreign operations included in the accompanying consolidated financial statements are as follows:

3. SUBSEQUENT EVENTS

Effective December 31, 1994, the Company transferred its approximately 73% interest in Seahawk Overseas Exploration Corporation ("Overseas") to John C. Fitton (then a Director of the Company) in exchange for 855,780 shares of the Company's common stock.

At December 31, 1994, the Company's equity in the net assets of Overseas was approximately \$25,000. This amount approximated the market value of the shares at that date (based on \$0.03 per share, the mean between the bid and ask prices of \$0.02 and \$0.04).

Summarized results of Overseas included in the accompanying statement of operations for the six months ended June 30, 1994 are as follows:

At the Company's 1994 annual meeting, the Company's stockholders authorized an amendment to the Company's certificate of incorporation increasing the number of its authorized shares of common stock from 50 million to 100 million shares.

On May 8, 1995, the Company sold 15,000,000 previously unissued shares of its common stock to Jonathan B. Lassers for \$150,000 in cash. As part of the transaction, Mr. Lassers also acquired transferable warrants to purchase up to an additional 70,000,000 shares of the Company's common stock exercisable until December 31, 1997 at \$0.01 a share. As a result of the purchase, Mr. Lassers owns approximately 55% of the total outstanding common stock. If all the warrants are exercised, his beneficial ownership would increase to approximately 87.4%. Because of this purchase, a change in control of the Company was effected. Substantially all members of the Company's prior management resigned as directors and officers.

Since February 1992, the Company operated as a Business Development Company ("BDC") under the Investment Company Act of 1940 (the "Act"). In July 1994, the Company notified the Securities and Exchange Commission that it withdrew its election to be subject to the Act. The Company has changed the nature of its business to cease to be a BDC. Such change was authorized by the vote of a majority of its outstanding voting securities at the Company's annual meeting of stockholders held on July 15, 1994.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

As indicated in Note 3 to the consolidated financial statements in Item 1 of this Report, the Company has new management. The following management's discussion is based on new management's understanding of the financial condition and the results of operations for the periods presented.

LIQUIDITY AND CAPITAL RESOURCES

At June 30, 1994, the Company has a stockholders' equity of \$210,509. The Company has incurred net losses in most of the past 10 years. After the transfer of Overseas and write-off of its investment in Scotcoast in this second quarter, the Company's only operations are related to SRCF, which is not significant in amount, and its 50% interest in PEICO Limited which was written off and 33.3% interest in Extruco, Limited which was disposed of in August 1995. (See Notes 2 and 3 to the consolidated financial statements under Item 1 of this Report for a fuller discussion.)

As discussed in Note 3 to the consolidated financial statements under Item 1 of this Report, in May 1995 the Company sold 15,000,000 previously unissued shares of its common stock for \$150,000 in cash.

Because of the above mentioned net losses, the Company's cash flows from operating activities have been negative. Until such time as additional operating businesses are acquired and operate profitably, the Company's operations are being financed with the remaining cash and the proceeds from the sale of common stock in May 1995. The Company is exploring various financing options in connection with the acquisition of companies in the food processing industry.

It is not expected that the Company will achieve profitability in the near future. Further, there is no assurance that the Company will achieve profitability thereafter. Although it is expected that the Company will have adequate resources available to continue through December 31, 1995, unless the Company can obtain the financing necessary to acquire a profitable operating business, the Company will be unable to continue as a going concern.

RESULTS OF OPERATIONS: SIX MONTHS ENDED JUNE 30, 1994 COMPARED TO SIX MONTHS ENDED JUNE 30, 1993

The Company generated consolidated revenues of \$441,943 in the six months ended June 30, 1994 (the "1994 Period") compared to revenues of \$318,116 during the six months ended June 30, 1993 (the "1993 Period"). This increase of \$123,827 was due primarily to the revenues generated by Scotcoast in the first quarter of 1994 compared to their revenue in the second quarter of 1993. Scotcoast was not an operating subsidiary for the first quarter of 1993. Commission and fees increased mainly due to the services provided by SRCF during the 1994 Period. SRCF was not acquired until December 1993. Interest and other income decreased primarily as a result of lower interest paid by financial institutions and the reduced level of investable funds.

Total expenses for the 1994 Period of \$842,304 were \$275,502 greater than the 1993 Period. This is substantially due to the \$309,808 charge in the second quarter of 1994 relating to the loss on Scotcoast and PEICO Limited and the write-down of Extruco, Limited to amounts realized in 1995 from its disposal. Cost of sales increased \$112,421 in the 1994 Period due to the increase in sales revenues of Scotcoast. General and administrative expenses decreased \$150,009 mainly as a result of lower domestic costs due to the wrap-up of certain operations in 1993 (Seahawk Foods and MedConsult, primarily).
