Item 3. Source and Amount of Funds or Other Consideration

Since the date on which Amendment No. 6 to the Statement on Schedule 13D was filed, Trinad Master paid the Issuer out of its working capital \$500,000 in cash on April 12, 2013 to acquire a total of 142,857 shares of common stock and warrants to purchase a total of 35,714 shares of Common Stock at an exercise price of \$3.50 per share. These numbers reflect the 1-for-5 reverse stock split of the Issuer's Common Stock that occurred on April 12, 2013.

Other than as described herein, no Reporting Person has paid any funds or other consideration to acquire securities of the Issuer. Trinad Master acquired (a) 692,874 shares of Common Stock on August 21, 2013 upon the cashless exercise of warrants held by Trinad Master at an exercise price of \$1.25 per share, and (b) 2,698,598 shares of Common Stock on February 7, 2014 upon the conversion of a convertible note issued by the Issuer in favor of Trinad Master.

Item 4. Purpose of Transaction

This Amendment is being filed to report the disposition of certain shares of the Issuer's Common Stock by the Reporting Persons. The Issuer also made a public offering of 4,245,000 shares of Common Stock on March 5, 2014, which further reduced the ownership percentage of each Reporting Person.

Depending on their assessment of the Issuer's business, financial conditions, results of operations and prospects, general economic conditions, the securities markets in general and for the Issuer's securities, the Reporting Persons may sell or otherwise dispose of all or some of its remaining shares of Common Stock, maintain their present ownership interest in the Common Stock or acquire additional shares of Common Stock.

Except as described above in this Item 4, the Reporting Persons do not have any plans or proposals that relate to, or would result in, any actions or events specified in clauses (a) through (j) of Item 4 to Schedule 13D.

The Reporting Persons intend to review their investment in the Issuer on a continuing basis. Depending on various factors including, without limitation, the Issuer's financial position and investment strategy, the price levels of the shares of Common Stock, conditions in the securities markets and general economic and industry conditions, the Reporting Persons may in the future take such actions with respect to their investment in the Issuer as they deem appropriate including, without limitation, communications with management and the Board of Directors of the Issuer, nominating or recommending candidates to serve as members of the Board of Directors of the Issuer, having discussions with other stockholders and potential nominees to the Board of Directors of the Issuer, making proposals to the Issuer concerning changes to the capitalization, ownership structure or operations of the Issuer, purchasing additional shares of Common Stock, selling some or all of their shares of Common Stock, engaging in short selling of or any hedging or similar transaction with respect to the shares of Common Stock, or changing their intention with respect to any and all matters referred to in Item 4.
