PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON JANUARY 19, 2018

INTRODUCTION

This Proxy Statement contains information related to the solicitation of proxies by and on behalf of the board of directors of Digital Turbine, Inc. (our "Board") for use in connection with our Annual Meeting of Stockholders to be held on Friday, January 19, 2018, beginning at 10 a.m., local time, at the headquarters of the Company at 110 San Antonio Street, Suite 160, Austin, Texas 78701, and at any and all adjournments or postponements thereof (our "Annual Meeting"). At our Annual Meeting, stockholders will be asked to consider and vote upon the following proposals: (i) the election of six (6) directors to serve on our board of directors for a one-year term ending as of our annual meeting of stockholders in fiscal year 2019; (ii) the approval, in a non-binding advisory vote, of the compensation of our named executive officers, commonly referred to as "Say-on-pay"; (iii) the approval of the issuance of shares of our common stock issuable upon the conversion of 8.75% convertible senior notes due 2020 (the "Convertible Senior Notes") and exercise of warrants (the "Warrants") issued in a private placement transaction in September 2016, as amended and supplemented in 2017, in accordance with NASDAQ Marketplace Rules 5635(b) and 5635(d); (iv) the ratification and appointment of SingerLewak LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2018; and (v) the transaction of such other business as may properly come before the meeting and/or any adjournment or postponement thereof. This Proxy Statement and the accompanying proxy card are being mailed to stockholders on or about December 27, 2017.

INFORMATION CONCERNING SOLICITATION AND VOTING

Board Recommendation

Our Board recommends that our stockholders vote **FOR** the election of the six (6) director nominees (*Proposal 1*); **FOR** the advisory "Say-on-pay" proposal (*Proposal 2*); **FOR** approval of the issuance of shares of our common stock issuable upon conversion of the Convertible Senior Notes and the exercise of Warrants issued in a private placement transaction in September 2016, as amended and supplemented in 2017, in accordance with NASDAQ Marketplace Rules 5635(b) and 5635(d) (*Proposal 3*); and **FOR** the ratification of SingerLewak LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2018 (*Proposal 4*).

Record Date, Outstanding Shares, and Quorum

Only holders of records of our common stock and our preferred stock at the close of business on November 21, 2017 (the "Record Date") are entitled to notice of and to vote at our Annual Meeting and any adjournments thereof. As of the Record Date, 72,045,940 shares of our common stock and 100,000 shares of Series A preferred stock (the "Preferred Stock"), which are convertible into 20,000 shares of common stock, were issued and outstanding.

Holders of our common stock are entitled to one vote at the Annual Meeting for each share of common stock held that was issued and outstanding as of the Record Date. The Preferred Stock is entitled to vote together with the common stock as a single class (on an as-converted to common stock basis) on any matters submitted to the holders of the Company's common stock, together with any other voting rights provided to the Preferred Stock under law or the General Corporation Law of the State of Delaware.

The presence, in person or by proxy, of stockholders holding at least a majority of our outstanding common stock and preferred stock (on an as-converted to common stock basis), voting together as a class, will constitute a quorum for the transaction of business at our Annual Meeting. If a quorum is not present at the Annual Meeting, we expect that the meeting will be adjourned or postponed to solicit additional proxies. Your shares will be counted towards the quorum only if you submit a valid proxy or vote at the Annual Meeting.

How to Vote

Voting in Person

All stockholders as of the close of business on November 21, 2017 can attend the Annual Meeting. If you plan to attend the Annual Meeting and wish to vote in person, you will be given a ballot at the Annual Meeting. You may vote at the Annual Meeting if you are a stockholder of record (your shares are directly registered in your name on our books and not held through a broker, bank or other nominee). In order to vote at the Annual Meeting shares held in "street name," you must obtain a valid proxy from your broker, bank, or other nominee, and bring it to the meeting. Follow the instructions from your broker, bank, or other nominee included with these proxy materials, or contact your broker, bank, or other nominee to request a proxy form.

Voting by Proxy

We request that our stockholders complete, date, and sign the accompanying proxy and promptly return it in the accompanying envelope or otherwise mail it to us. All properly executed proxies that we receive prior to the vote at the Annual Meeting (that have not been revoked) will be voted in accordance with the instructions indicated on the proxies. All properly executed proxies that we receive prior to the vote at the Annual Meeting that do not provide any direction as to how to vote will be voted in accordance with the recommendations of our board of directors.

If your shares are held in street name, you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares.

Revocation of Proxies

You can revoke your proxy at any time before your shares are voted at the Annual Meeting by (i) sending a written notice of revocation to Corporate Secretary, Digital Turbine, Inc., 110 San Antonio Street, Suite #160, Austin, TX 78701, (ii) submitting by mail, telephone or the Internet another proxy dated as of a later date, or (iii) voting in person at the Annual Meeting. Merely attending the Annual Meeting will not revoke your proxy. All revocations of your proxy must be received prior to the voting of your shares at the Annual Meeting. Voting in person at the Annual Meeting will replace any previous votes submitted by proxy. If the Annual Meeting were to be postponed or adjourned, your proxy would still be valid and will be voted at the postponed or adjourned meeting. You would still be able to revoke your proxy until it was voted.

Voting Your Shares

If you complete and submit your proxy voting instructions, the persons named as proxies will follow your instructions. If you submit your proxy voting instructions but do not direct how to vote on each item, the persons named as proxies will vote your shares

- **FOR** the director nominees (*Proposal 1*),
- **FOR** the advisory Say-on-pay proposal (*Proposal 2*),
- **FOR** approval, in accordance with NASDAQ Marketplace Rules 5635(b) and 5635(d), of the issuance of shares of our common stock issuable upon conversion of the Convertible Senior Notes and the exercise of Warrants issued in a private placement transaction in September 2016, as amended and supplemented in 2017, in accordance with NASDAQ Marketplace Rules (*Proposal 3*), and

· **FOR** the ratification of SingerLewak LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2018 (*Proposal 4*).

The persons named as proxies will vote on any other matters properly presented at the Annual Meeting in accordance with their best judgment. We have not received notice of other matters that may be properly presented for voting at the Annual Meeting.

Votes Required

The directors will be elected by a plurality of the voting power of our common stock and preferred stock, voting together as a single class on an as-converted to common stock basis, present, in person or by proxy and entitled to vote, at the Annual Meeting (*Proposal 1*).

The affirmative vote of a majority of the votes cast of our common stock and Preferred Stock, voting together as a single class on an as-converted to common stock basis, present in person or by proxy and entitled to vote as our Annual Meeting, is required to approve the advisory Say-on-pay proposal and the issuance of shares of our common stock issuable upon conversion of the Convertible Senior Notes and the exercise of Warrants issued in a private placement transaction in September 2016, as amended and supplemented in 2017, in accordance with NASDAQ Marketplace Rules 5635(b) and 5635(d) (*Proposals 2 and 3*), and to ratify the appointment of SingerLewak LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2018 (*Proposal 4*).

Withholding Your Vote, Abstentions, and Broker Non-Votes

In the election of the directors (*Proposal 1*), you can withhold your vote for any or all of the nominees. Withheld votes will be excluded entirely from the vote and will have no effect on the outcome. With regard to all other proposals, you can vote to “abstain.” If you vote to “abstain,” your shares will be counted as present at the meeting for purposes of determining whether a quorum exists, but for Proposals 2 and 4 such abstention will have the effect of a vote “AGAINST” the proposal, and for Proposal 3 an abstention will have no effect on the outcome.

A “broker non-vote” occurs when a broker submits a proxy without voting on one or more of the non-routine matters. If you own shares through a bank, broker or other holder of record, you must instruct your bank, broker or other holder of record how to vote on non-routine matters in order for them to vote your shares so that your vote can be counted on such proposals.

A broker non-vote is considered present at the meeting for purposes of determining whether a quorum exists but is not entitled to vote or counted as a vote cast on any non-routine matter presented at the Annual Meeting. The election of directors (*Proposal 1*), the advisory Say-on-pay proposal (*Proposal 2*), and the proposal seeking approval of the issuance of shares of our common stock issuable upon conversion of the Convertible Senior Notes and the exercise of Warrants issued in a private placement transaction in September 2016, as amended and supplemented in 2017, in accordance with NASDAQ Marketplace Rules 5635(b) and 5635(d) (*Proposal 3*), are deemed non-routine matters. Consequently, absent instructions from you, your broker may not vote your shares on these proposals and broker non-votes will neither be counted toward the vote totals nor affect their outcome.

Your broker may vote your shares on the ratification of the appointment of our independent registered public accounting firm (*Proposal 4*). As a result, abstentions and broker non-votes will have the same effect as a vote "AGAINST" ratification of the appointment of our independent registered public accounting firm.

Proxy Solicitation

We will bear the entire cost of solicitation of proxies from our stockholders, including preparation, assembly, printing, and mailing of this proxy statement and the proxy card. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries, and custodians holding in their names shares of our common stock or preferred stock beneficially owned by others to forward to such beneficial owners. We may reimburse persons representing beneficial owners of our common stock for their costs of forwarding solicitation materials to such beneficial owners. In addition to solicitation by use of the mails, proxies may be solicited by directors, officers, employees, or agents of our company in person or by telephone or other means of communication. No additional compensation will be paid to directors, officers, or other regular employees of ours for such services.

Householding of Proxy Materials

“Householding” is a program, approved by the SEC, which allows companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports by delivering only one package of stockholder proxy materials to any household at which two or more stockholders reside. If you and other residents at your mailing address own shares of our common stock in street name, your broker or bank may have notified you that your household will receive only one copy of our proxy materials. Once you have received notice from your broker that they will be “householding” materials to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account. If you hold shares of our common stock in your own name as a holder of record, “householding” will not apply to your shares.

Other Business; Adjournments

We do not expect that any matter other than the proposals presented in this proxy statement will be brought before our Annual Meeting. However, if other matters incident to the conduct of the Annual Meeting are properly presented at the Annual Meeting or any adjournment, postponement, or continuation of the Annual Meeting, the persons named as proxies will vote in accordance with their best judgment with respect to those matters.

Adjournments may be made for the purpose of, among other things, soliciting additional proxies.

Required Vote

Directors are elected by a “plurality” of the voting power of our common stock and preferred stock, voting together as a single class on an as-converted to common stock basis. Plurality means that the nominee with the largest number of votes is elected, up to the maximum number of directors to be chosen (in this case, six directors). Stockholders can either vote “FOR” the nominee or withhold authority to vote for the nominee. However, shares that are withheld will have no effect on the outcome of the election of directors. Broker non-votes also will not have any effect on the outcome of the election of the directors.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” EACH OF THE ABOVE NAMED DIRECTOR NOMINEES.

BOARD MEETINGS AND COMMITTEES

During fiscal year 2017, our Board held nine meetings. Our Board has three separately designated committees: our Audit Committee, our Compensation Committee, and our Governance and Nominating Committee. Each member of these standing committees has been determined to meet the standards for director independence under the rules of the Securities and Exchange Commission (the “SEC”) and is an “independent director” as defined under NASDAQ listing standards.

Each committee has the power to engage independent legal, financial or other advisors, as it may deem necessary, without consulting or obtaining the approval of our Board or any of our officers. Each then-director attended, either in person or by electronic means, 75% or more of the aggregate of (i) the total number of meetings of our Board and (ii) the total number of meetings held by all committees of our Board on which such director served during the 2017 fiscal year.

Committees of the Board of Directors

Committee Composition

The following table sets forth the current membership of our Audit Committee, Compensation Committee and Governance and Nominating Committee. Each committee conducts its business pursuant to a written charter approved by our Board, copies of which are available on our website at <https://ir.digitalturbine.com/> under “Investor Relations—Corporate Governance—Governance Docs.”

Audit Committee	Compensation Committee	Governance and Nominating Committee
Robert Deutschman*	Jeffrey Karish**	Robert Deutschman

Paul Schaeffer	Christopher Rogers	

* Chairman of the Board and chairman of the committee.

** Chairman of the committee.

Audit Committee

The current members of our Audit Committee are Robert Deutschman, Paul Schaeffer, and Christopher Rogers. Our Audit Committee held six meetings during the 2017 fiscal year, and is primarily responsible for hiring our independent auditors, approving the services performed by our independent auditors and reviewing their reports regarding our accounting practices and systems of internal accounting controls. Our Board determined that each of our Audit Committee members is “independent” pursuant to the rules of The NASDAQ Stock Market and SEC rules and that Mr. Deutschman is an “audit committee financial expert” as defined by applicable SEC rules.

Compensation Committee

The current members of our Compensation Committee are Jeffrey Karish, Christopher Rogers and Mohan Gyani. Our Compensation Committee held six meeting during the 2017 fiscal year, and is primarily responsible for reviewing and approving our general compensation policies and setting both the cash and non-cash compensation levels for our executive officers. Our Compensation Committee also has the authority to administer our employee stock purchase plan and our stock incentive plan and to make option grants under our stock incentive plan. Our executive officers do not perform any role in determining or recommending the amount or form of executive or director compensation; however, members of management provide factual information as to compensation levels offered at similar companies, which is used for comparison purposes in determining the annual compensation of our directors, and as a member of our Board, our Chief Executive Officer reviews and participates in compensation decisions of executive officers other than himself.

All members of the Compensation Committee are non-employee directors and are “independent” pursuant to the rules of The NASDAQ Stock Market. The Compensation Committee acts pursuant to a written charter adopted by our Board, which is available on our website at <http://ir.digitalturbine.com/governance-documents>.

Governance and Nominating Committee

The current members of our Governance Committee are Robert Deutschman and Jeffrey Karish. Our Governance Committee held one meeting during the 2017 fiscal year. Our Governance Committee annually screens and recommends to the Board qualified candidates for election or appointment to our Board, recommends the number of members of our Board, and evaluates and reviews the independence of existing and prospective directors. The members of the Governance Committee are non-employee directors and are “independent” directors under the rules of The NASDAQ Stock Market.

CORPORATE GOVERNANCE

Board Leadership Structure

The roles of Chairman and Chief Executive Officer are held by different individuals. Our Board believes that this structure provides an efficient and effective leadership model for our Company, facilitates efficient and open communication between our directors and management team, and helps to involve our other independent Board members in Board activities and decision making.

Role of the Board of Directors in Risk Oversight

One of the responsibilities of our Board is to review and evaluate the process used to assess major risks facing our Company and to periodically review assessments prepared by our senior management of such risks, as well as options for their mitigation. Frequent interaction between our directors and members of senior management assist in this effort. Communications between our Board and senior management regarding long-term strategic planning and short-term operational practices include matters of material risk inherent in our business.

Our Board also plays an active role, as a whole and at the committee level, in overseeing management of our risks. Our entire Board is formally apprised at least annually of our enterprise risk management efforts. Our Board regularly reviews information regarding our credit, liquidity and operations, as well as the risks associated with each. Our Audit Committee is responsible for overseeing the management of financial and accounting risks. Our Compensation Committee is responsible for overseeing the management of risk-taking relating to executive compensation plans and arrangements. While each committee is responsible for the evaluation and management of such risks, our entire Board is regularly informed through committee reports.

Code of Business and Ethical Conduct

The Board has established a corporate Code of Conduct which qualifies as a “code of ethics” as defined by Item 406 of Regulation S-K of the Exchange Act and applies to the Company’s principal executive officer, principal financial officer, principal accounting officer and all other officers, directors, and employees. Among other matters, the Code of Conduct is designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- full, fair, accurate, timely and understandable disclosure in our SEC reports and other public communications;
- compliance with applicable governmental laws, rules and regulations;
- prompt internal reporting of violations of the Code of Conduct to appropriate persons identified in the code; and
- accountability for adherence to the Code of Conduct.

A full text of our Code of Conduct is published on our website at <http://ir.digitalturbine.com/> under the tab “Investor Info.” If we amend our Code of Conduct as it applies to the principal executive officer, principal financial officer, principal accounting officer or controller (or persons performing similar functions) or grant a waiver from any provision of the Code of Conduct to any such person, we shall disclose such amendment or waiver on our website at <http://ir.digitalturbine.com/governance-docs>.

Director Independence

Our Governance Committee annually reviews and recommends that the Board determine the independence of each director and nominee for election as a director in accordance with the independence standards set forth in the NASDAQ Stock Market Listing Rules, as approved by the SEC, and SEC rules and regulations (the "Independence Standards"). Based on the Independence Standards, a director will only qualify as an independent director if, in the opinion of our Governance Committee and our Board, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and otherwise satisfies the Independence Standards. Based on the recommendation of our Governance Committee, our Board has determined that each of Robert Deutschman, Jeffrey Karish, Christopher Rogers, Paul Schaeffer and Mohan Gyani, who collectively constitute a majority of our Board, is independent.

Stockholder Nominations and Bylaw Procedures

The Governance Committee does not have a specific written policy or process regarding the nominations of directors, nor does it maintain minimum standards for director nominees. However, the Governance Committee does consider the knowledge, experience, integrity and judgment of potential candidates for nominations to the Board. The Governance Committee will consider persons recommended by stockholders for nomination for election as directors. The Governance Committee will consider and evaluate a director candidate recommended by a stockholder in the same manner as a committee-recommended nominee.

To nominate a person for election to our Board, a stockholder must set forth all information relating to the nominee that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934. Such notice must also contain information about the stockholder making the nomination and the beneficial owner, if any, on behalf of whom the nomination is made, including name and address, class and number of shares owned, and representations regarding the intention to make such a nomination and to solicit proxies in support of it. We may require any proposed nominee to furnish information concerning his or her eligibility to serve as an independent director or that could be material to a reasonable stockholder's understanding of the independence of the nominee.

Deadlines to Submit Nominations

Stockholders wishing to recommend director candidates must follow the prior notice requirements as described under "2019 Stockholder Proposals" below. Stockholder nominations must be addressed to Corporate Secretary, Digital Turbine, Inc., 110 San Antonio Street, Suite #160, Austin, TX 78701.

Executive Sessions of Independent Directors

The independent members of our Board meet in executive session, without any employee directors or other members of management in attendance, at least annually and additionally, as circumstances warrant.

Stockholder Communication with Board Members

We maintain contact information for stockholders, both telephone and email, on our website (<http://www.digitalturbine.com>) under the heading "Investor Info" where a stockholder will find our telephone number and mailing address as well as a link for providing email correspondence to Investor Relations. Communications sent to Investor Relations and specifically marked as a communication for our Board will be forwarded to our Board or specific members of our Board as directed in the stockholder communication. In addition, communications for our Board received via telephone or mail are forwarded to our Board by one of our employees.

Board Member Attendance at Annual Meetings

Our Board does not have a formal policy regarding attendance of directors at our annual stockholder meetings. Four of our then-elected directors attended our 2017 annual meeting of stockholders.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy and Objectives

We believe that a strong management team comprised of highly talented individuals in key positions is critical to our ability to deliver sustained growth and profitability, and our executive compensation program is an important tool for attracting and retaining such individuals. We also believe that our most important resource is our people. While to a certain extent we are able to exploit unique assets or proprietary technologies, we depend fundamentally on the skills, energy and dedication of our employees to drive our business. It is only through their constant efforts that we are able to innovate through the creation of new products, to maintain superior operating efficiencies, and to develop and exploit marketing channels. With this in mind, we have consistently sought to employ the most talented, accomplished and energetic people available in the industry. Therefore, we believe it is vital that our named executive officers receive an aggregate compensation package that is both highly competitive with the compensation received by similarly-situated executive officers at peer group companies, and also reflective of each individual named executive officer's contributions to our success on both a long-term and short-term basis.

We seek to have compensation programs for our named executive officers that are intended to achieve a variety of goals, including, but not limited to:

- attracting and retaining talented and experienced executives;
- motivating and fairly rewarding executives whose knowledge, skills and performance are critical to our success; and
- providing fair and competitive compensation.

Administration and Process

Our executive compensation program is administered by the Compensation Committee. Historically, base salary, bonus structure and long-term equity compensation of our executive officers are governed by the terms of their individual employment agreements (see "Narrative Disclosure to Summary Compensation Table") and we expect that to continue in the future. With respect to our chief executive officer and chief financial officer, the Compensation Committee establishes milestone performance levels for incentive bonuses based on a number of factors that are designed to further our executive compensation objectives, including our performance, the compensation received by similarly-situated executive officers, and the conditions of the markets in which we operate.

In determining executive compensation for fiscal year 2017, the Compensation Committee's goal was to reward the named executive officers for their respective responsibilities, and for Company-wide and individual performance. We believe that this policy is intended to assure that our compensation practices are competitive with those in the industry. The Compensation Committee also periodically reviews the overall compensation of our named executive officers for the purpose of determining whether discretionary bonuses should be granted. Our chief executive officer may also assist the Compensation Committee in determining compensation for the other named executive officers.

Elements of Executive Officer Compensation

Overview. The compensation packages for the Company's senior executives have both performance-based and non-performance based elements. Total compensation paid to our executive officers is divided among three principal components. Base salary is generally fixed and does not vary based on our financial and other performance. Other components, such as cash bonuses and stock options or other equity or equity-based awards, are variable and dependent upon our financial or market performance. Our policy generally is to emphasize long-term equity awards over short-term cash bonuses, as the long-term awards are intended to align with goals such as total shareholder return. Historically, judgments about these elements have been made subjectively. In the case of stock options, the value is dependent upon our future stock price and, accordingly, such awards are intended to reward the named executive officers for favorable Company-wide performance.

Our Compensation Committee may review total compensation to see if it generally falls in line with similar companies and may also look at overall market data. The Compensation Committee did not engage a compensation consultant for the fiscal year ended March 31, 2017. During fiscal year 2017, the Compensation Committee considered compensation, including termination provisions and potential payments upon termination or change in control, that would make it possible to hire and retain executive officers for the Company.

Base Salary. We pay our executives a base salary pursuant to the terms of employment agreements, which are usually two years. We believe that a competitive base salary is a necessary element of any compensation program. Base salaries are established, in part, based on the executive's individual position, responsibility, experience, skills, historic salary levels and the executive's performance during the prior year. We are also seeking over a period of years to align base compensation levels comparable to our competitors and other companies similarly situated. We do not view base salaries as primarily serving our objective of paying for performance.

The annual salary of our CEO William G. Stone III remained at \$500,000 during fiscal year 2017. His salary is based on his amended employment agreement dated May 26, 2016 (the "Stone Amended Agreement"). We believe that his salary continues to be commensurate with his responsibilities. On August 31, 2016, we entered into an employment agreement (the "Garrison Employment Agreement") with Barrett Garrison as Executive Vice President and Chief Financial Officer pursuant to which he receives an annual salary of \$300,000. On June 14, 2016, we appointed David Wesch as our acting Chief Accounting Officer for which he receives an annual salary of \$150,000.

We believe that our salary levels are sufficient to retain our existing executive officers and hire new executive officers when and as required.

Performance Bonuses. Consistent with our emphasis on pay-for-performance incentive compensation programs, our executives are eligible to receive cash incentive bonuses primarily based upon their performance during the fiscal year. Historically, a factor given considerable weight in establishing bonus performance criteria is non-GAAP adjusted EBITDA, which is GAAP net loss excluding the following cash and non-cash expenses: interest expense, foreign transaction gains (losses), debt financing and non-cash related expenses, debt discount and non-cash debt settlement expense, gain or loss on extinguishment of debt, income taxes, asset impairment charges, depreciation and amortization, stock-based compensation expense, change in fair value of derivatives, and fees and expenses related to acquisitions. The use of this and other performance measures is further described below under "Narrative Disclosure to Summary Compensation Table."

Pursuant to the Stone Amended Agreement, Mr. Stone is eligible to receive an annual incentive bonus of up to 30% of his salary for fiscal year 2017 and 50% of his salary for fiscal year 2018, subject to satisfaction of certain performance-related milestones for the respective period specified in the Stone Amended Agreement, and at the discretion of the Compensation Committee, up to an additional 70% of his salary for fiscal year 2017 and 50% of his salary for fiscal year 2018 based on extraordinary financial and business performance. Mr. Stone may receive an additional bonus of 50% of base salary for fiscal years 2017 and 2018 if the performance-related milestones for the respective period are exceeded by 50%. The milestones for fiscal year 2017 were based on the Company's achievement of Adjusted EBITDA and revenue targets. The milestones for fiscal year 2018 are based on revenue and the Company's achievement of non-GAAP measures of consolidated earnings such as EBITDA or Adjusted EBITDA, as further specified in the Stone Amended Agreement.

Pursuant to the Garrison Employment Agreement, at the discretion of the Compensation Committee, Mr. Garrison, is eligible to receive a bonus based on corporate and personal performance criteria as specified in the Garrison Employment Agreement. The corporate performance criteria for fiscal year ended March 31, 2017, were based on previously budgeted Company revenue and Adjusted EBITDA targets. A similar structure applies for the balance of the term of the Garrison Employment Agreement, except that the Compensation Committee may use, instead of Adjusted EBITDA, a different measure that it determines to be the most important earnings measure used publicly by the Company (for example, EBITDA without adjustment), and will also determine the target level of revenue and of such earnings measure. The Compensation Committee will first consult with Mr. Garrison prior to making such determinations.

See "SUMMARY COMPENSATION TABLE" for details on bonuses earned by our named executive officers.

Equity and Equity-Based Compensation. We believe that stock options and other forms of equity or equity-based compensation are an important long-term incentive for our executive officers and other employees and generally align officer interest with that of our stockholders. They are intended to further our emphasis on pay-for-performance.

Pursuant to the terms of the Stone Amended Agreement, the Company awarded to Mr. Stone stock options to purchase up to an aggregate of 100,000 shares of our common stock with a grant date fair value of \$82,000. The Company awarded to Mr. Garrison, pursuant to the Garrison Employment Agreement, stock options to purchase up to an aggregate of 450,000 shares of our common stock with a grant date fair value of \$436,500. For fiscal year 2017 service and performance, we awarded to Mr. Stone, Mr. Garrison and Mr. Wesch stock options to purchase up to an aggregate of 247,500, 135,000, and 111,675 shares of our common stock, respectively, with grant date fair values of \$111,687, \$60,920, and \$59,354, respectively.

We do not have any formal plan or obligation that requires us to award equity or equity-based compensation to any executive officer on specified dates. The authority to make equity or equity-based awards to our executive officers rests with our full Board, based upon recommendations made by the Compensation Committee, or by the Compensation Committee acting alone. The Compensation Committee considers the input of our chief executive officer in setting the compensation of our other executive officers, including in the determination of appropriate levels of equity or equity-based grants.

Other Benefits and Perquisites. Our executive officers participate in the health and dental coverage, life insurance, paid vacation and holidays, 401(k) retirement savings plans and other programs that are generally available to all of the Company's employees.

The provision of any additional perquisites to each of the named executive officers is subject to review by the Compensation Committee. We value perquisites at their incremental cost to us in accordance with SEC regulations.

We believe that the benefits and perquisites we provide to our named executive officers are within competitive practice and customary for executives in key positions at comparable companies. Such benefits and perquisites serve our objective of offering competitive compensation that allows us to continue to attract, retain and motivate highly talented people to these critical positions, ultimately providing a substantial benefit to our stockholders.

Impact of Accounting and Tax Treatments

Section 162(m) of the Internal Revenue Code (the “Code”) prohibits publicly held companies like us from deducting certain compensation to any one named executive officer in excess of \$1,000,000 during the tax year. However, Section 162(m) provides that, to the extent that compensation is based on the attainment of performance goals set by the Compensation Committee pursuant to plans approved by the Company’s stockholders, the compensation is not included for purposes of arriving at the \$1,000,000.

The Company, through the Compensation Committee, intends to attempt to qualify executive compensation as tax deductible to the extent feasible and where it believes it is in our best interests and in the best interests of our stockholders. However, the Compensation Committee does not intend to permit this arbitrary tax provision to distort the effective development and execution of our compensation program. Thus, the Compensation Committee is permitted and will continue to exercise discretion in those instances in which mechanistic approaches necessary to satisfy tax law considerations could compromise the interests of our stockholders. In addition, because of the uncertainties associated with the application and interpretation of Section 162(m) and the regulations issued thereunder, there can be no assurance that compensation intended to satisfy the requirements for deductibility under Section 162(m) will in fact be deductible. The performance criteria used by the Compensation Committee in determining annual incentive bonuses for our executive officers have not been approved by the Company’s stockholders, and, therefore, such bonuses are not considered to be performance-based compensation that may be excluded from the Section 162(m) deduction limitation.

Compensation Risk Management

As part of its annual review of our executive compensation program, the Compensation Committee reviews with management the design and operation of our incentive compensation arrangements for senior management, including executive officers, to determine if such programs might encourage inappropriate risk-taking that could have a material adverse effect on the Company. The Compensation Committee considers, among other things, the features of the Company’s compensation program that are designed to mitigate compensation-related risk, such as the performance objectives and target levels for incentive awards (which are based on overall Company performance), and our compensation recoupment policy. The Compensation Committee also considers our internal control structure which, among other things, limits the number of persons authorized to execute material agreements, requires approval of our board of directors for matters outside of the ordinary course and our whistle blower program. Based upon the above, the Compensation Committee has concluded that any risks arising from the Company’s compensation plans, policies and practices are not reasonably likely to have a material adverse effect on the Company.

Impact of Shareholder Advisory Vote

At our 2017 annual meeting, our stockholders approved, in a non-binding advisory vote, our executive compensation with 92% of the shares present, in person or by proxy and entitled to vote thereon affirmatively giving their approval (with broker non-votes having no effect on the vote). Accordingly, we believe that this vote confirms the appropriateness of our executive compensation philosophy and policies, as currently adopted and implemented, and we intend to continue such philosophy and policies.

(1) The Company determined there were no other individuals within the Company who met the requirements for disclosure.

(2) The amounts in the “Option Awards” column relate to awards of stock options made under the Company’s Amended and Restated 2011 Equity Incentive Plan (the “Equity Incentive Plan”). With respect to each stock option grant, the amounts disclosed generally reflect the fair value of the option award as of the grant date for all options issued in the respective fiscal year, in accordance with FASB ASC Topic 718 “Compensation-Stock Compensation.” Generally, ASC Topic 718 “Compensation-Stock Compensation” requires the full grant-date fair value of a stock option award to be amortized and recognized as compensation cost over the service period that relates to the award. Note 4, “Summary of Significant Accounting Policies,” in the Notes to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2017 sets forth the relevant assumptions used to determine the valuation of our stock option awards. Vesting schedules for unvested stock grants for each officer are described below under “Narrative Disclosure to Summary Compensation Table.”

- (3) During the fiscal year ended March 31, 2017, Mr. Stone was granted stock options on May 26, 2016 and February 2, 2017, to purchase 100,000 and 247,500 shares of common stock of the Company, respectively, with grant date fair values of \$82,000 and \$111,687, respectively. Also during fiscal year ended March 31, 2017, in connection with the Stone Amended Agreement, Mr. Stone received a one-time \$100,000 signing bonus. Mr. Stone did not receive a performance bonus in fiscal year 2017 due to his bonus targets not being met. During the fiscal year ended March 31, 2016, Mr. Stone was awarded stock options on December 9, 2015 to purchase 175,000 shares of the Company's common stock with a grant date fair value of \$213,500. During the fiscal year ended March 31, 2015, Mr. Stone received a \$100,000 signing bonus in connection with his employment agreement as our chief executive officer. Mr. Stone was also awarded, and the Company recorded, a bonus of \$88,000 for the fiscal year ended March 31, 2015, but it was reversed in a subsequent period based on the Company's subsequent performance. During the fiscal year ended March 31, 2015, Mr. Stone was awarded stock options on July 8, 2014 and September 10, 2014, to purchase 200,000 and 50,000 shares of common stock of the Company, respectively, with grant date fair values of \$758,000 and \$271,500, respectively. Amounts under "All Other Compensation" represent Company paid health benefits.
- (4) Mr. Garrison was appointed as our Executive Vice President and Chief Financial Officer on August 31, 2016, effective as of September 12, 2016. Pursuant to the Garrison Employment Agreement, on September 12, 2016, Mr. Garrison was awarded stock options to purchase 450,000 shares of our common stock with a grant date fair value of \$436,500. On February 2, 2017, Mr. Garrison was awarded stock options to purchase 135,000 shares of the Company's common stock with a grant date fair value of \$60,920. Pursuant to the Garrison Employment Agreement, in the discretion of the Compensation Committee, Mr. Garrison is eligible to receive an annual performance bonus of up to 50% of his base salary. Mr. Garrison's bonus opportunity is based on corporate and personal performance criteria. The corporate performance criteria, for the fiscal year ended March 31, 2017, were based on previously budgeted Company revenue and Adjusted EBITDA targets. During fiscal year 2017, Mr. Garrison did not receive a performance bonus due to his bonus targets not being met. A similar structure applies for the balance of the term of the Garrison Employment Agreement, except that, instead of Adjusted EBITDA, the Compensation Committee may use a difference measure that it determines to be the most important earnings measure used publicly by the Company (for example, EBITDA without adjustment), and will also determine the target level of revenue and of such earnings measure. The Compensation Committee will first consult with Mr. Garrison prior to making any such determinations. Amounts under "All Other compensation" represent Company paid health benefits of \$6,434 and relocation expense reimbursement of \$15,461.

Employment Agreement with William G. Stone III

CEO Employment Agreement . On September 9, 2014, we entered into an employment agreement (the "Stone Employment Agreement") pursuant to which Mr. Stone became the Chief Executive Officer of the Company on October 2, 2014. In connection with this employment agreement, Mr. Stone received a one-time \$100,000 signing bonus. Pursuant to the Stone Employment Agreement, which has been amended as described below, Mr. Stone received a salary of \$500,000 per year and was eligible for a performance bonus.

Also in connection with entering into the Stone Employment Agreement, the vesting (but not the exercise price) of the 200,000 options granted to Mr. Stone on July 8, 2014 was adjusted so that 50,000 options vested on the one-year anniversary of the original grant date (i.e., July 8, 2015), 150,000 options currently vest on a monthly basis over the three years following the first anniversary of the grant date, and all unvested options vest immediately upon a change of control of the Company. The estimated incremental fair value associated with the 50,000 options was less than \$10,000. In addition, on the effective date of the Stone Employment Agreement, Mr. Stone was awarded stock options to purchase 50,000 shares of common stock of the Company at an exercise price equal to the closing price of the Company's common stock on September 10, 2014 under the Equity Incentive Plan, which vest as follows: 12,500 options vested on the one-year anniversary of the grant date, 37,500 options currently vest on a monthly basis over the three years following the first anniversary of the grant date, and all unvested options will vest immediately upon a change of control of the Company.

CEO Amended Employment Agreement. On May 26, 2016, we entered into an amendment to the Stone Employment Agreement, which extends the term of the Stone Employment Agreement until March 31, 2018. The Compensation Committee also authorized an additional 50% of base salary "Extraordinary Bonus" if the Company exceeded targeted revenues and Adjusted EBITDA by 50% relative to the targets approved by the Board for FY2017 .

The Compensation Committee also authorized an additional 50% of base salary "Extraordinary Bonus" if the Company exceeds targeted revenues and adjusted EBITDA by 50%.

Achievement of targets will be determined promptly after the Company's annual financial statements for the fiscal year for the applicable period have been publicly issued and certified by the Company's auditors. Any interpretative issues in reconciling adjusted EBITDA or a public earnings measure to audited numbers (a) be resolved as much as possible based on the Company's publicly filed reconciliations of the same and (b) as to any other questions will be determined in the reasonable discretion of the Compensation Committee after good faith discussion with Mr. Stone. Bonus targets that have not been achieved to the level required by the above criteria will not entitle Mr. Stone to a pro-rated bonus.

In connection with entering into the Stone Amended Agreement, Mr. Stone was awarded stock options under the Equity Incentive Plan to purchase 100,000 shares of common stock of the Company at an exercise price equal to the closing price of the Company's common stock on May 26, 2016. Such stock options vest as follows: 25,000 options vested on the one-year anniversary of the grant date, 75,000 options currently vest on a monthly basis over the three years following the first anniversary of the grant date (four year total vesting), and all unvested options shall vest immediately upon a change of control of the Company.

Employment Agreement with Barrett Garrison

On August 31, 2016, the Company entered into the Garrison Employment Agreement with Barrett Garrison as Executive Vice President and Chief Financial Officer with a start date of September 12, 2016. The Garrison Employment Agreement has a two year term with equity, salary and bonus compensation components.

For the salary component, Mr. Garrison receives an annual salary of \$300,000. For the bonus component, Mr. Garrison is eligible to receive an annual performance bonus of up to 50% of his base salary. Mr. Garrison's bonus opportunity is based on corporate performance criteria, and personal performance criteria in the discretion of the Compensation Committee of the Company. The corporate performance criteria, for the fiscal year ended March 31, 2017, were based on previously budgeted Company revenue and Adjusted EBITDA targets. A similar structure applies for the balance of the term of the Garrison Employment Agreement, except that, instead of Adjusted EBITDA, the Compensation Committee may use a different measure that it determines to be the most important earnings measure used publicly by the Company (for example, EBITDA without adjustment), and will also determine the target level of revenue and of such earnings measure. The Compensation Committee will first consult with Mr. Garrison prior to making such determinations.

For the equity component, Mr. Garrison was awarded stock options on September 12, 2016, under the Equity Incentive Plan to purchase 450,000 shares of the Company's common stock at the closing price on the Start Date. The options vest over a three year term as follows: 150,000 options vested on the first anniversary of his start date and 12,500 options currently vest on a monthly basis over the following two years (three year total vesting). In the event of a change of control, all unvested options will vest immediately. A change of control means the sale of all or substantially all of the assets of the Company, a merger or reorganization in which the Company's equity holders own less than 50% of the voting power after such transaction, or upon the sale of equity securities representing 50% or more of the voting power of or economic interest in the Company.

Also pursuant to the Garrison Employment Agreement, the Company reimbursed Mr. Garrison \$15,461 for expenses incurred in relocating his principal personal residence to Austin, Texas. The Garrison Employment Agreement also contains customary provisions regarding intellectual property, confidentiality, and non-solicitation and indemnification.

In the event Mr. Garrison is terminated without cause or if he were to voluntarily resign for good reason, each as defined below under “Termination Provisions & Potential Payments Upon Termination or Change of Control,” he would be entitled to receive his salary for the balance of the term, continuation of any executive health and group health plan benefits to the extent authorized by COBRA, a pro-rata portion of any bonus that would have been earned through the termination date, and, finally, acceleration of vesting of a pro-rata portion of any options that would have vested had his vesting occurred a monthly basis, advanced to the next month. Upon death, the Company will have no further obligation to Mr. Garrison except accrued compensation. If Mr. Garrison becomes disabled so he is unable to perform the essential functions of his existing position with or without reasonable accommodation, the board of directors may remove him from any responsibilities and/or reassign him to another position for the remainder of the term of the agreement or during the period of such disability and he will continue to receive his full salary and benefits for a period of time equal to 12 months. If the disability continues beyond the 12 month period, then Mr. Garrison’s employment may be terminated. “Disability” means a written determination, as certified by at least two duly licensed and qualified physicians, one of which is approved by the board of directors and one of which is approved by the officer, that he suffers from a physical or mental impairment that renders him unable to perform his regular personal duties under the agreement and that such impairment can reasonably be expected to continue for a period of six consecutive months or for shorter periods aggregating 180 days in any 12 month period.

OPTION EXERCISES DURING FISCAL YEAR ENDING MARCH 31, 2017

None of our executive officers exercised any stock options during fiscal year 2017.

TERMINATION PROVISIONS AND POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

The section below provides information concerning the amount of compensation payable to our named executive officers in the event of termination of such executive's employment, including certain estimates of the amounts that would have been paid on certain dates under what we believe to be reasonable assumptions. However, the actual amounts to be paid out can only be determined at the time of such executive's termination.

Payments Made Upon Termination Generally

Regardless of the manner in which any of our employees (including any of our executive officers) is terminated, the employee would be entitled to receive certain amounts due during such employee's term of employment. Such amounts would include ("accrued compensation"):

- any unpaid salary from the date of the last payroll to the date of termination;
- accrued but unpaid bonus for a previously completed yearly measurement period;
- reimbursement for any properly incurred unreimbursed business expenses;
- any vested benefits the executive may have under the Company's benefit plans; and
- unpaid, accrued and unused personal time off through the date of termination.

In addition, an executive officer would retain the following rights:

- any existing rights to indemnification for prior acts through the date of termination; and
- any options and equity awarded pursuant to our Equity Incentive Plan to the extent provided in that plan and the grant or award.

Messrs. Stone and Garrison. As noted above under "Employment Agreements," as of fiscal year ended March 31, 2017, each of Messrs. Stone and Garrison had an employment agreement with the Company. In addition to those payments made upon termination noted above, these agreements provide for the additional benefits on certain termination as described below.

Payments Made Upon Termination by Us Without Cause or by the Officer for Good Reason

If, as of March 31, 2017, we had terminated Messrs. Stone's or Garrison's employment without cause, or if the officer had terminated his employment for good reason, he would have received the following termination benefits through March 31, 2018 and September 12, 2018, respectively:

- (i) continuation of his salary at the rate then in effect; and
- (ii) continuation of any executive health and group health plan benefits to the extent authorized by and consistent with 29 U.S.C. § 1161 et seq. (commonly known as "COBRA"), subject to payment of premiums by the Company to the extent that the Company was covering such premiums as of the termination date (if permitted by law without violation of applicable discrimination rules, or, if not, the equivalent after-tax value payable as additional severance at the same time such premiums are otherwise payable); and
- (iii) a pro-rata annual bonus through the termination date, as reasonably determined by the Compensation Committee applying the applicable contract standards and paid at the same time as a bonus would otherwise be payable under the contract; and
- (iv) acceleration of vesting of the options amended and/or granted under the contract on a pro-rata basis as if the vesting schedule had been monthly rather than annual, advanced to the next month.

The Company's liability for salary continuation pursuant to clause (i) above will not be reduced by the amount of any severance pay paid to the executive pursuant to any severance pay plan or stay bonus plan of the employer.

In order to receive such severance, the officer must execute a release of all claims and comply with the remaining confidentiality and non-solicitation provisions of his employment agreement.

"Good reason" means (i) breach by the Company of the insurance or indemnification provisions in the employment or any indemnification agreement or failure of the Company to pay any amounts or options due when due under the terms and conditions thereunder, after a 15 day cure period; (ii) the officer is not reporting directly to the board of directors, subject to a 30 day cure period, unless the sole reason for such failure to report to the board of directors is that a change of control occurred and as a result the officer's reporting structure in the buyer's organization puts him at effectively the same or higher level of overall responsibility and authority (comparing the positions in each organization) as was the case immediately prior to such change of control, as reasonably determined by the board of directors prior to such change of control; or (iii) material diminution in the officer's position, duties, authority or responsibility, without cause, subject to a 30 day cure period.

The term "cause" means (i) any act committed against the Company which involves fraud, willful misconduct, gross negligence or refusal to comply with the reasonable, legal and clear written instructions; or (ii) the conviction of, or indictment (or procedural equivalent, or guilty plea or plea of nolo contendere) for (A) a felony or (B) any misdemeanor involving moral turpitude where the circumstances reasonably would have a negative impact on the Company, deceit, dishonesty or fraud; or (iii) material breach of the employment agreement; provided, however, that in each case the officer will have 15 days to cure such conduct, unless such conduct is not reasonably curable.

If Mr. Stone or Mr. Garrison had been terminated without cause or either officer had resigned for good reason on March 31, 2017, then pursuant to the terms of his employment agreement, he would have received the following post-termination payments:

Name	Base Salary (\$)⁽¹⁾	Annual Bonus (\$)⁽²⁾	Health Plan Payments (\$)⁽³⁾	Accelerated Vesting of Options/Restricted Stock⁽⁴⁾
William G. Stone III <i>Chief Executive Officer</i>	500,000	-	14,772	56,925
Barrett Garrison <i>Executive Vice President, Chief Financial Officer</i>	435,000	-	18,445	31,050

-
- (1) Mr. Stone's payment is based on salary paid from April 1, 2017 until March 31, 2018, the end of the term of the Stone Amended Agreement. Mr. Garrison's payment is based on salary paid from April 1, 2017 until September 12, 2018, the end of the term of the Garrison Employment Agreement.
 - (2) Mr. Stone and Mr. Garrison were not eligible to receive a performance bonus as of March 31, 2017.
 - (3) For Mr. Stone, based on monthly payments of \$615 through March 31, 2018. For Mr. Garrison, based on monthly payments of \$536 through September 12, 2018.
 - (4) For Mr. Stone, the amount is based on the difference between the exercise price of options outstanding as of March 31, 2017 (\$2.54 per share with respect to 300,000 options, \$4.11 per share with respect to 200,000 options, and \$5.89 per share with respect to 50,000 options, \$1.43 per share with respect to 175,000 options, \$1.06 per share with respect to 100,000 options, and \$0.71 per share with respect to 247,500 options), and in each case the closing stock price on March 31, 2017 of \$0.94 per share. For Mr. Garrison, the amount is based on the difference between the exercise price of options outstanding as of March 31, 2017 (\$1.37 per share with respect to 450,000 options and \$0.71 per share with respect to 135,000 options), and in each case the closing stock price on March 31, 2017 of \$0.94 per share. Due to all options issued to our named executive officers having exercise prices above our stock price as of March 31, 2017 (with the exception of the options awarded with a per share exercise price of \$0.71), these options have no intrinsic value as of March 31, 2017.

Payments Made upon Termination following a Change of Control

Following a change of control as of March 31, 2017, the unvested equity grants made to Mr. Stone and Mr. Garrison, under each officer's respective employment agreements, and to Mr. Wesch would have vested. We estimate that an acceleration under these conditions would have resulted in \$56,925, \$31,050, and \$20,485 for Mr. Stone, Mr. Garrison and Mr. Wesch, respectively, based on the difference between the exercise price of such options and the closing stock price on March 31, 2017 of \$0.94.

Payments Made Upon Disability and Death

Up disability or death of either Mr. Stone or Mr. Garrison, the Company would have no further obligation to them other than payment of their accrued compensation, as described above. If either officer became disabled so that he were unable to perform the essential functions of his existing position with or without reasonable accommodation, the Board may remove him from any responsibilities and/or reassign him to another position for the remainder of the term of his respective employment agreement or during the period of such disability, and he would continue to receive his full salary and benefits for a period of time equal to 12 months. Based on medical insurance premiums as of March 31, 2017, we estimate that the approximate value of the continued medical benefit payments would have been \$615 and \$536 for Mr. Stone and Mr. Garrison, respectively, for a total of \$14,772 for Mr. Stone and \$18,445 for Mr. Garrison for the 12 months. If the disability were to continue beyond the 12 month period, then the officer's employment may be terminated. "Disability" means a written determination, as certified by at least two duly licensed and qualified physicians, one of which is approved by the Board and one of which is approved by the officer, that he suffers from a physical or mental impairment that renders him unable to perform his regular personal duties under his respective employment agreement and that such impairment can reasonably be expected to continue for a period of three consecutive months or for shorter periods aggregating 90 days in any 12 month period.

DIRECTOR COMPENSATION

The following table presents information regarding compensation paid to our directors during the fiscal year ended March 31, 2017. For compensation paid to William Stone III, see "Summary Compensation Table" above.

Chris Rogers ⁽³⁾	53,000	58,000	111,000
Craig Forman ⁽⁴⁾	43,725	58,000	101,725

Paul Schaeffer ⁽⁷⁾	53,000	58,000	111,000

- (1) The amounts in the "Stock Awards" column reflect the aggregate grant date fair value of each restricted stock award that was granted during the respective fiscal year, computed in accordance with FASB ASC Topic 718 "Compensation-Stock Compensation". We estimated the fair value of restricted stock based on the fair value at the time of grant. The fair value for awards that are expected to vest is then amortized on a straight-line basis over the requisite service period of the award, which is generally the vesting term. The amount of expense recognized represents the expense associated with the restricted stock we expect to ultimately vest based upon an estimated rate of forfeitures; this rate of forfeitures is updated as necessary and any adjustments needed to recognize the fair value of restricted stock that actually vest or are forfeited are recorded. Note 4, "Summary of Significant Accounting Policies," in the Notes to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2016 sets forth the relevant assumptions used to determine the valuation of our stock option awards.

NARRATIVE TO DIRECTOR COMPENSATION TABLE

Non-employee director compensation for a new director is granted under the Board Member Equity Ownership and Retention Policy (the "Policy"). The Policy, which is administered by the independent Compensation Committee of the Board and can be amended by such committee, requires each non-management board member to acquire shares of the Company having a value equal to three times his or her annual cash retainer within five years, requires any employee director and the Chief Executive Officer to acquire shares of the Company having a value equal to three times his or her annual salary within five years and requires the Chief Operating Officer to acquire shares of the Company having a value equal to two times his or her annual salary within five years. Unvested restricted stock or restricted stock units and unvested stock options will not be considered when determining an individual's stock ownership, and vested but unexercised stock options will be treated as equivalent to one-half a share. The Policy does not affect the vesting restrictions on any equity awards but supersedes any post-vesting lock-up that is currently applicable to any person covered by the Policy. Failure to meet or show sustained progress toward meeting the ownership requirements of the Policy may result in reduction in future long-term incentive grants and/or the requirement to retain all stock obtained through the vesting or exercise of equity awards.

The Company's compensation program for the non-employee directors is as follows: each director receives an annual cash retainer of \$48,000 (payable in equal quarterly installments) plus an annual grant for restricted Company common stock under the Company's Equity Incentive Plan having a value of \$48,000 on the grant date (with quarterly vesting).

The director compensation program also provides for an additional annual cash retainer of \$5,000 (payable in quarterly installments) and annual grant of restricted common stock of the Company under the Equity Incentive Plan having a value of \$5,000 on the grant date (with quarterly vesting) for non-employee members of the Audit Committee of the Board (other than the Chair) and an additional annual cash retainer of \$7,500 (payable in quarterly installments) and annual grant of restricted common stock of the Company under the Equity Incentive Plan having a value of \$7,500 on the grant date (with quarterly vesting) for a non-employee Chairman of the Audit Committee. The Chairman of the Board receives an additional cash retainer of \$24,000 (payable in equal quarterly installments) plus an additional annual grant of restricted common stock of the Company under the Equity Incentive Plan having a value of \$24,000. Effective August 1, 2016, the Chairman of the Compensation Committee receives an additional annual grant of restricted common stock of the Company under the Equity Incentive Plan having a value of \$7,500.

In fiscal 2017, the Company issued an annual grant of restricted Company common stock under the 2011 Plan for the service period from August 1, 2015 to July 31, 2016 having a value of \$5,000 on the grant date (with quarterly vesting) for non-employee members of the Audit Committee of the Board (other than the Chair) and an annual grant of restricted Company common stock under the 2011 Plan for the service period from August 1, 2015 to July 31, 2016 having a value of \$7,500 on the grant date (with quarterly vesting) for a non-employee Chairman of the Audit Committee.

PROPOSAL NO. 2

ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

We are required to permit a separate non-binding stockholder vote to approve the compensation of the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission (which disclosure includes the compensation tables and narrative discussion). This vote is not intended to address any specific item of compensation or the compensation of any particular officer, but rather to provide stockholders with an opportunity to make an advisory vote with respect to the overall compensation of our named executive officers and our compensation practices. Our stockholders are provided the opportunity to make this advisory vote on executive compensation at each annual meeting.

This proposal, commonly known as a "Say-on-pay," permits stockholders to endorse or not endorse our executive compensation through the following resolution:

"RESOLVED, that the stockholders approve, on an advisory basis, the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission (which disclosure includes the compensation tables and narrative discussion)."

Because the stockholders' vote is advisory, it will not be binding on the Board. However, the Board's Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

THE BOARD OF DIRECTORS RECOMMENDS AN ADVISORY VOTE "FOR" PROPOSAL 2.

PROPOSAL 3

APPROVAL OF THE ISSUANCE OF SHARES OF OUR COMMON STOCK ISSUABLE UPON THE CONVERSION OF 8.75% CONVERTIBLE SENIOR NOTES DUE 2020 AND EXERCISE OF WARRANTS ISSUED IN A PRIVATE PLACEMENT TRANSACTION IN SEPTEMBER 2016, AS AMENDED AND SUPPLEMENTED IN JANUARY AND MAY 2017, IN ACCORDANCE WITH NASDAQ MARKETPLACE RULES 5635(B) AND 5635(D)

General

We are asking stockholders to approve the issuance of shares of our common stock that are issuable upon the conversion of 8.75% Convertible Senior Notes due 2020 (the "Notes") pursuant to the terms thereof and upon the exercise of warrants, which were issued in a private placement transaction in September 2016, and amended and supplemented in January and May 2017, in accordance with NASDAQ Marketplace Rules 5635(b) and 5635(d). The Notes and Warrants were materially amended and supplemented in May 2017 as described below, which necessitates that we seek this stockholder approval.

The September 2016 Private Placement Transaction

Initial Purchaser Agreement

The offer and sale of the Notes and the accompanying warrants were made pursuant to an Initial Purchaser Agreement, dated September 23, 2016 (the "Purchase Agreement"), among the Company, certain subsidiary guarantors of the Company and BTIG, LLC, as initial purchaser. The Company sold the Notes to the initial purchaser at a purchase price of 92.75% of the principal amount thereof. The initial purchaser also received an additional 250,000 warrants (the "Initial Purchaser Warrants") on the same terms as the warrants issued with the Notes (as detailed below under "Warrant Agreement") and has the right to receive 2.5% of any cash consideration received by the Company in connection with a future exercise of any of the warrants issued with the Notes.

The initial purchaser offered the Notes at a price equal to 100% of the principal amount thereof and the accompanying warrants to qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended (the "Securities Act"), and to a limited number of institutional accredited investors within the meaning of subparagraph (a)(1), (2), (3) or (7) of Rule 501 under the Securities Act.

Indenture and Convertible Notes

The Notes were issued under an Indenture, dated as of September 28, 2016 (the "Initial Indenture"), as amended and supplemented by that certain first supplemental indenture dated as of January 12, 2017 (the "First Supplemental Indenture"), and that certain second supplemental indenture dated as of May 23, 2017 (the "Second Supplemental Indenture" and with the Indenture and the First Supplemental Indenture, the "Indenture"), between the Company, certain guarantors and US Bank National Association, as trustee. The Notes are senior unsecured obligations of the Company, and bear interest at a rate of 8.75% per year, payable semiannually in arrears on September 15th and March 15th of each year, beginning on March 15, 2017. The Notes are unconditionally guaranteed by certain of the Company's wholly-owned domestic and foreign subsidiaries, and will mature on September 23, 2020, unless converted, repurchased or redeemed in accordance with their terms prior to such date.

The Notes are convertible by the holders at their option at any time prior to the close of business on the business day immediately preceding the stated maturity date, and upon conversion, the holders will receive shares of the Company's common stock. The initial conversion rate for the Notes is 733.14 shares per \$1,000 principal amount of Notes, which is equivalent to an initial conversion price of \$1.364 per share of common stock. The conversion rate and the conversion price is subject to adjustment in certain events as outlined in the Indenture.

With respect to any conversion prior to September 23, 2019, in addition to the shares deliverable upon conversion, holders of the Notes will be entitled to receive a payment equal to the remaining scheduled payments of interest that would have been made on the Notes being converted from the date of conversion until September 23, 2019 (an "Early Conversion Payment"). We may pay the Early Conversion Payment in cash or, subject to certain equity-related conditions set forth in the Indenture, in shares of our common stock.

We may redeem the Notes, for cash, in whole or in part, at any time after September 23, 2018, at a redemption price equal to \$1,000 per \$1,000 principal amount of the Notes to be redeemed plus accrued and unpaid interest, if any, to, but excluding, the date of redemption, plus an additional payment (payable in cash or stock) equivalent to the amount of, and subject to equivalent terms and conditions applicable for, an Early Conversion Payment had the Notes been converted on the date of redemption, if (1) the closing price of our common shares on the NASDAQ Capital Market has exceeded 200% of the conversion price then in effect (but disregarding the effect on such price from certain anti-dilution adjustments) for at least 20 trading days (whether or not consecutive) during any 30 consecutive trading day period (including the last trading day of such period) ending within the five trading days immediately preceding the date on which we provide the redemption notice, (2) for the 15 consecutive trading days following the last trading day on which the closing price of our common shares was equal to or greater than 200% of the conversion price in effect (but disregarding the effect on such price from certain anti-dilution adjustments) on such trading day for the purpose of the foregoing clause, the closing price of our common shares remains equal to or greater than 150% of the conversion price in effect (but disregarding the effect on such price from certain anti-dilution adjustments) on the given trading day and (3) we are in compliance with certain other equity-related conditions as set forth in the Indenture.

If we undergo a fundamental change, as described in the Indenture, holders may require us to purchase the Notes in whole or in part for cash at a price equal to 120% of the principal amount of the Notes to be purchased plus any accrued and unpaid interest, including additional interest, if any, to, but excluding, the repurchase date. Conversions that occur in connection with a fundamental change may entitle the holder to receive an increased number of shares of common stock issuable upon such conversion, depending on the date of such fundamental change and the valuation of the Company's common stock related thereto.

Subject to limited exceptions, the Indenture prohibits us from incurring additional indebtedness at any time while the Notes remain outstanding.

Warrants

In addition to the 250,000 warrants issued to the initial purchaser, as described above, each purchaser of the Notes also received warrants to purchase 256.60 shares of the Company's common stock for each \$1,000 in Notes purchased, or up to 4,105,600 warrants in aggregate (together with the Initial Purchaser Warrants, the "Warrants"). The Warrants were issued under a Warrant Agreement, dated as of September 28, 2016 (the "Initial Warrant Agreement"), as amended by that certain First Amendment to Warrant Agreement, dated as of May 23, 2017 (the "First Amendment" and with the Initial Warrant Agreement, the "Warrant Agreement"), between Digital Turbine, Inc. and US Bank National Association, as warrant agent.

The Warrants are exercisable at an initial exercise price of \$1.364 per share and will expire on September 23, 2020. The exercise price is subject to adjustment in certain events as outlined in the Warrant Agreement.

In the event of a fundamental change, as set forth in the Warrant Agreement, the holders can elect to exercise their Warrants or to receive an amount of cash under a Black-Scholes calculation of the value of such Warrants.

Use of Proceeds

The net proceeds from the offering of the Notes and Warrants were approximately \$14.3 million after payment of the estimated offering expenses and the initial purchaser's discounts and commissions. We used approximately \$11 million of the net proceeds from the offering to repay secured indebtedness, consisting of approximately \$3 million to Silicon Valley Bank and \$8 million to North Atlantic Capital, retiring both such debts in their entirety. The remaining net proceeds were provided for general corporate purposes.

Further Information

The terms of each of the Notes, the Purchase Agreement, the Indenture, the Warrant Agreement and the related agreements, as amended and supplemented, are complex and only briefly summarized above. This summary of the terms of the offering of the Notes and Warrants and related agreements is qualified in its entirety by reference to our Current Report on Form 8-K filed with the SEC on September 29, 2016, including the exhibits attached thereto, our Current Report on Form 8-K filed with the SEC on January 23, 2017, including the exhibits attached thereto, and our Current Report on Form 8-K filed with the SEC on May 24, 2017, including the exhibits attached thereto, all of which are incorporated herein by reference. You should read this summary together with such documents.

Purpose

Our common stock is listed on the NASDAQ Capital Market (“NASDAQ”) and trades under the ticker symbol APPS. The rules governing companies with securities listed on NASDAQ require stockholder approval in connection with a transaction other than a public offering involving the sale or issuance by the issuer of common stock (or securities convertible into or exchangeable for common stock) equal to 20% or more of the common stock or 20% or more of the voting power outstanding before the issuance for a price that is less than the greater of book or market value of the stock on the date the issuer enters into a binding agreement for the issuance of such securities.

This requirement is set forth in NASDAQ Marketplace Rule 5635(d). Based on the initial conversion price and exercise price of \$1.364 per share, the issuance of the shares of our common stock issuable upon conversion of the Notes, including any Early Conversion Payment, and exercise of the Warrants, as applicable, may be deemed to involve the issuance of securities convertible into more than 20% of our common stock at a discount to the market value of our common stock on the date of execution of the binding agreement to issue such securities. In addition, NASDAQ Marketplace Rule 5635(b) requires us to obtain stockholder approval prior to the issuance of securities which will result in a “change of control” of the Company. In this regard, a change of control refers to an issuance of securities that will result in any investor or group owning, or having the right to acquire, 20% or more of the Company’s outstanding shares of common stock or voting power and such ownership or voting power would be the largest ownership position.

We are required to seek this approval even though, pursuant to the terms of the Initial Indenture, we received approval at our 2017 annual meeting of stockholders held January 10, 2017, because we materially amended and supplemented the Notes and Warrants in January and May 2017, and under NASDAQ Marketplace Rules 5635((b), a new stockholder approval is required after any such material amendment and supplement. Therefore, pursuant to the terms of the Second Supplemental Indenture, we are again required to seek stockholder approval, prior to January 30, 2018 at an annual or special meeting, of the issuance of shares of common stock received pursuant to conversion of Notes and shares underlying Warrants. We are requesting in this Proposal 3 that our stockholders approve the issuance of the common stock issuable upon conversion of the Notes, including any Early Conversion Payment, and exercise of the Warrants, in accordance with NASDAQ Marketplace Rule 5635(d), and any resulting change of control, as defined in NASDAQ Marketplace Rule 5635(b), which may result from the issuance of the common stock. The issuance of the shares of common stock issuable upon conversion of the Notes, including any Early Conversion Payment, and exercise of the Warrants, are intended to be exempt from the registration requirements of the Securities Act pursuant to the Regulation D “safe harbor” provisions of the Securities Act.

Impact on Current Stockholders if this Proposal is Approved

If our stockholders approve this proposal, the issuance of shares of common stock upon conversion of the Notes, including any Early Payment Conversion, and exercise of the Warrants would not be subject to the issuance limitation cap set forth in NASDAQ Marketplace Rule 5635(b) and Rule 5635(d).

The issuance of shares of our common stock issuable upon conversion of the Notes, including the Early Payment Conversion, and exercise of the Warrants would have a dilutive effect on current stockholders who did not participate in the offering in that the percentage ownership of the Company held by such current stockholders would decline as a result of the issuance of the common stock upon conversion of the Notes, including any Early Payment Conversion, and exercise of the Warrants. This means also that our current stockholders who did not participate in the offering would own a smaller interest in us as a result of the offering and therefore have less ability to influence significant corporate decisions requiring stockholder approval. Issuance of our common stock upon conversion of the Notes and exercise of the Warrants could also have a dilutive effect on book value per share and any future earnings per share. Dilution of equity interests could also cause prevailing market prices for our common stock to decline.

The Notes are initially convertible into our common stock at \$1.364 per share, subject to adjustment in certain events as outlined in the Indenture. In addition, we have the option, subject to the satisfaction of specified equity conditions, to make any required Early Conversion Payment of future interest upon conversion of the Notes by issuing shares of common stock in lieu of cash payments. The number of shares of our common stock potentially issuable upon conversion of the originally-issued \$16 million in principal amount of Notes at the \$1.364 initial conversion price amounted to 11,730,240 potential shares. This does not include the issuance of any shares of common stock that may be issued in connection with any Early Conversion Payment, in which case the number of shares that may potentially be issued would be a higher amount. The conversion was calculated on the aggregate principal amount rather than based upon each individual investor’s purchase. Plus, if all of the Warrants are exercised at the initial exercise price of \$1.364 per share, the Company would also issue an aggregate of 4,355,600 shares of common stock. In September 2017, \$6 million of convertible notes (out of the original \$16 million in convertible notes issued) have been converted into shares of our common stock.

Due to potential adjustments to the number of shares of common stock issuable upon conversion of the Notes, including our option to pay the Early Conversion Payment in shares of common stock, and exercise of the Warrants, the exact magnitude of the dilutive effect of the shares of our common stock issuable upon conversion of the Notes, including any Early Conversion Payment, and exercise of the Warrants cannot be conclusively determined. However, the dilutive effect may be material to current stockholders of the company.

Effect on Current Stockholders if this Proposal is not Approved

If our stockholders do not approve this proposal, we will not meet certain equity conditions under the Notes required for our optional redemption of the Notes or payment of the Early Conversion Payment in shares of common stock at our option. If approval is not obtained, unless the equity conditions are waived by the required number of holders of such Notes pursuant to their terms, we will not be able to exercise such optional redemption right and the holders may not be able to receive shares of common stock as payment for any Early Conversion Payment.

In addition, we are required to seek stockholder approval of this proposal on or prior to January 30, 2018 and every year thereafter until we receive stockholder approval of this proposal. We are not seeking the approval of our stockholders to authorize our entry into the Purchase Agreement and related transaction documents, as we have already entered into the Purchase Agreement and related transaction documents, which are binding obligations on us. The failure of our stockholders to approve the proposal will not negate the existing terms of the documents relating to the private placement. The Notes and Warrants issued at the closing of the private placement will remain outstanding and the terms of the Notes and Warrants will remain binding obligations of the Company. If we do not receive stockholder approval, the holders are entitled to receive cash for the number of shares of common stock issuable upon conversion of the Notes or exercise of the Warrants to the extent we are unable to issue shares of our common stock to satisfy such conversion or exercise.

Board Recommendation

In reaching its determination to approve this proposal, the Board, with advice from our management and legal advisors, considered a number of factors, including:

- that it is in the best interests of the Company and our stockholders that the Company have the flexibility to issue shares of our common stock upon conversion of the Notes and any Early Conversion Payment, rather than being required to pay cash in lieu of any such issuances in excess of the amount permitted under the NASDAQ Marketplace Rules;
- it was the determination of the Board that the offering of the Notes and Warrants was an important event to strengthen our balance sheet;
- the fact that the proceeds from the offering of the Notes and Warrants have enabled us to advance our strategic direction;
- our financial condition, results of operations, cash flow and liquidity, including our outstanding debt obligations, which required us to raise additional capital for ongoing cash needs;
- the fact that our management and certain of our directors had explored financing options with other potential investors and were not aware of an ability for us to obtain the financing needed for our ongoing cash needs on comparable or better terms to the Notes and Warrant, or at all;
- the fact that our stockholders would have an opportunity to approve the issuance of shares issuable upon the conversion of the Notes, including any Early Conversion Payment, and exercise of the Warrants;
- the fact that our stockholders who did not participate in the offering of the Notes and the value of our common stock may be diluted upon the issuance of shares of our common stock issuable upon conversion of the Notes, including any Early Conversion Payment, and exercise of the Warrants;
- the fact that the conversion price for the Notes and exercise price for the Warrants on the date we entered into the Purchase Agreement was, effectively, at a discount to the market price of our common stock; and

· the fees and expenses to be incurred by us in connection with the offering of the Notes and Warrants.

In view of the variety of factors considered in connection with the evaluation of the offering of the Notes and Warrants, the issuance of shares of our common stock issuable upon the conversion of the Notes, including any Early Conversion Payment, and exercise of the Warrants and the complexity of these matters, the Board did not find it practicable to, and did not, quantify or otherwise attempt to assign any relative weight to the various factors considered. In addition, in considering the various factors, individual members of the Board may have assigned different weights to different factors.

After evaluating these factors, and based upon their knowledge of our business, financial condition and prospects, potential financing alternatives (or lack thereof), and the views of our management, the Board concluded that the offering of the Notes and Warrants and the issuance of shares of our common stock issuable upon conversion of the Notes, including any Early Conversion Payment, and exercise of the Warrants is in our best interest and in the best interests of our stockholders, and recommends that all stockholders vote "FOR" the approval of this proposal.

Vote Required

To be approved, this proposal must receive a "For" vote from the holders of a majority of the votes cast of shares of common stock and Preferred Stock, voting together as a single class on an as-converted to common stock basis present at the Annual Meeting in person or by proxy. Abstentions will have no effect on the outcome for this proposal. Shares represented by executed proxies that do not indicate a vote "For," "Against" or "Abstain" will be voted by the proxy holders "For" the adoption of the resolution. If you own shares through a bank, broker or other holder of record, you must instruct your bank, broker or other holder of record how to vote in order for them to vote your shares so that your vote can be counted on this proposal. Broker non-votes will not be counted toward the vote total for this proposal and therefore will not affect the outcome of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THIS PROPOSAL 3.

Policy on Pre-approval of Audit and Permissible Non-audit Services of Independent Auditors

Consistent with the SEC policies regarding auditor independence, our Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, our Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor. Prior to engagement of the independent auditor for the next year's audit, management will submit an aggregate of services expected to be rendered during that year for each of the following four categories of services to the Audit Committee for approval:

1. Audit services include audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards.
2. Audit-related services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.
3. Tax services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.
4. Other Fees are those associated with services not captured in the other categories.

Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

Our Audit Committee pre-approved the retention of our independent registered public accounting firm for all audit and audit-related services during fiscal years 2017 and 2016.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” RATIFICATION OF THE APPOINTMENT OF SINGERLEWAK AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING MARCH 31, 2018.

REPORT OF AUDIT COMMITTEE

The information contained in this Audit Committee Report shall not be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing (except to the extent that we specifically incorporate this information by reference) and shall not otherwise be deemed "soliciting material" or "filed" with the SEC or subject to Regulation 14A or 14C, or to the liabilities of Section 18 of the Securities Exchange Act of 1934 (except to the extent that we specifically request that this information be treated as soliciting material or specifically incorporate this information by reference).

The functions of our Audit Committee (references in this section to "we" and "our" mean the Audit Committee) are primarily focused on three areas:

- the adequacy of the internal controls and financial reporting process of Digital Turbine, Inc. (the "Company") and the reliability of its consolidated financial statements;
- the appointment, compensation, retention and oversight of the Company's independent registered public accounting firm; and
- the Company's compliance with legal and regulatory requirements.

We operate under a written charter, which has been approved by the board of directors. The Company has made the Audit Committee charter available on its website at <http://ir.digitalturbine.com/governance-docs>.

We meet with management periodically to consider the adequacy of the Company's internal controls and the objectivity of the Company's financial reporting. We discuss these matters with the Company's independent registered public accounting firm and with appropriate financial personnel. We periodically (at least quarterly) meet privately with both the independent registered public accounting firm and the Company's financial personnel, each of which has unrestricted access to us. We also appoint the independent registered public accounting firm and review its performance and independence from management. In addition, we review the Company's financing plans.

Management is responsible for the financial reporting process, including the system of internal control, and the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent registered public accounting firm is responsible for auditing those financial statements. Our responsibility is to monitor and review these processes. However, we are not professionally engaged in the practice of accounting or auditing and are not experts in the fields of accounting or auditing, including with respect to auditor independence. We rely on, without independent verification, the information provided to us and on the representations made by management and the independent registered public accounting firm.

In this context, we held six meetings during fiscal year 2017. The meetings were designed, among other things, to facilitate and encourage communication among us, management, the internal accountants and the Company's independent registered public accounting firm for fiscal year 2017, SingerLewak LLP ("SingerLewak"). We discussed with SingerLewak the overall scope and plans for their audit. We also met with SingerLewak, with and without management present, to discuss the results of their audit and quarterly reviews and the Company's internal controls. We reviewed and discussed the audited consolidated financial statements for the fiscal year ended March 31, 2017 with management and with SingerLewak.

We also discussed with SingerLewak the audited financial statements for fiscal year ending March 31, 2017, and matters required to be discussed with audit committees under generally accepted auditing standards, including, among other things, the conduct of the audit of the Company's consolidated financial statements, and the matters required to be discussed with the Audit Committee by applicable auditing standards of the Public Company Accounting Oversight Board.

We have received the written disclosures and the letter from SingerLewak required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountants' communications with us concerning independence, and we discussed with SingerLewak their independence from the Company. When considering SingerLewak's independence, we considered whether their provision of services to us beyond those rendered in connection with their audit and review of the Company's consolidated financial statements was compatible with maintaining their independence. We also reviewed, among other things, the amount of fees paid to SingerLewak for audit and non-audit services (primarily tax services).

Based on our review and these meetings, discussions and reports, and subject to the limitations on our role and responsibilities referred to above and in the Audit Committee charter, we recommended to the Board of Directors that the Company's audited consolidated financial statements for the fiscal year ended March 31, 2017 be included in the Company's annual report on Form 10-K for filing with the Securities and Exchange Commission.

COMPLIANCE WITH SECTION 16(a) OF SECURITIES EXCHANGE ACT

Section 16(a) of the Exchange Act requires our officers, directors, and persons owning more than ten percent of a registered class of our equity securities (“ten percent stockholders”) to file reports of ownership and changes of ownership with the SEC. To the best of our knowledge, based solely on review of the copies of such reports and amendments thereto furnished to us, we believe that during the fiscal year ended March 31, 2017, all of our officers, directors, and ten percent stockholders complied with all applicable filing requirements, with the exception of David Wesch who filed one late Form 3 and two late Form 4s.

OTHER MATTERS

Our Board of Directors knows of no other matters to be brought before the Annual Meeting. However, if other matters should come before the meeting, it is the intention of each person named in the proxy to vote in accordance with his judgment on such matters.

2019 STOCKHOLDER PROPOSALS

Stockholders are entitled to submit proposals on matters appropriate for stockholder action consistent with regulations of the SEC. In order for stockholder proposals for the fiscal year 2019 annual meeting to be eligible for inclusion in our proxy statement, our Secretary must receive them at our principal offices not later than August 29, 2018. Such proposals should be submitted, in writing, to Digital Turbine, Inc., Attn: Corporate Secretary, 110 San Antonio Street, Suite #160, Austin, TX 78701.

Stockholders wishing to submit proposals for the fiscal year 2019 annual meeting of stockholders outside of Rule 14a-8 may do so. Under Rule 14a-4 promulgated under the Exchange Act, if a proponent of a proposal that is not intended to be included in the proxy statement fails to notify us of such proposal at least 45 days prior to the anniversary of the mailing date of the preceding year’s proxy statement, which is November 12, 2018, or a reasonable time before we send our proxy materials for such meeting if the date of the meeting has changed by more than 30 days from the prior year, then we will be allowed to use our discretionary voting authority under proxies solicited by us when the proposal is raised at such annual meeting of stockholders, without any discussion of the matter in the proxy statement. We were not notified of any stockholder proposals to be addressed at our Annual Meeting, and will therefore be allowed to use our discretionary voting authority if any stockholder proposals are raised at the Annual Meeting.
